PROFILE

6 years as a Creative Strategist and content creator for brands, with experience in 360 marketing: from strategy and content to ads, CRM and sales. I write, shoot and edit short-form videos and ads for Meta and TikTok. I have also managed the ad campaigns, so I know which videos work and which don't. I also handle the technical side: automations, CRM and sales funnels, and I use AI tools every day. PhD candidate in Consumer Behavior.

KEY ACHIEVEMENTS

- **70+** ad creatives tested on Meta and TikTok (Closca, 2025).
- **3** new ad creatives per week, video and static.
- Meta cost per lead (CPL) cut from **€87 to €41** (British College La Cañada).
- About **400** leads per month with the content system and visual language I created.
